Re: Endorsement of Washington NORML's petition to prohibit imported CBD/THC Extracts

Dear Ms. Eide:

This letter is submitted with the unanimous approval of the Executive Board of the Cannabis Farmers Council, a voluntary non-profit association that serves as a voice of cannabis farmers throughout the state of Washington.

We refer to the petition for rule change submitted by Washington NORML on April 14, 2017, related to the use of imported CBD and THC extracts. We too are alarmed by the prospect of out-of-state, unregulated, and dangerous CBD/THC extracts being added to Washington State cannabis products. This practice constitutes a serious consumer protection issue, is unfair to duly licensed Washington cannabis farmers, and is likely violative of federal and/or state laws.

We fully endorse and support this proposed rule change, and wish to be formally added as a co-petitioning organization.

Respectfully submitted,

**CANNABIS FARMERS COUNCIL**
